

Using Chromacryl® Painting Medium/Varnish

Product Description:
The most versatile Chromacryl medium. For sealing surfaces, particularly absorbent paper and rejuvenating dry paint, apply with a broad brush straight from the container. When mixing with paint, add medium as desired.

1. Use straight from the container to seal low-grade paper.

2. Mix 1 part medium to 1 part water to make a collage adhesive.

3. Rejuvenate or varnish old dull acrylic paintings...

4. ...Seal layers and continue painting when dry.
