## WRISTLET CRAFT

*Once you get started, your imagination is your only limit!*

# Crafting Instructions

## Supplies Needed:

1 roll of Black and Aqua Duck Tape®  
Optional materials: cutting board, work surface, scissors or cutting tool.

### To create the body of the wristlet:

1. Tear a strip of Black Duck Tape that is about 10 inches long, and place it on your flat surface sticky side down.

2. Tear 5 strips to the same size and place next to each other, overlapping the edges just slightly to create a "sheet" of Duck Tape.

3. Carefully pull the "sheet" up and turn over, sticky side up. Cover this side with overlapping strips in the opposite direction.

4. Once the sticky side of the sheet is covered, trim off any excess tape to make a rectangle.

5. Fold the sheet in half to create the body of the wristlet, and then tape the sides with Aqua Duck Tape® to seal the edges. Trim any excess.

### To create the wristlet handle:

6. Tear 1 strip of tape slightly longer than desired length of purse handle (about 10 inches), and place it on your flat surface sticky side down.

7. Tear a second piece of tape, the same length, and overlap their edges just slightly.

8. Carefully pull the "sheet" up and turn over, sticky side up. Cover this side with 1 strip of Black Duck Tape, centered in the same direction. Add another strip of Aqua Duck Tape and trim excess so no adhesive is exposed.

9. Attach ends of the strap to the outside of the wristlet with small pieces of Black Duck Tape.

10. Use the Aqua of Duck Tape to decorate the purse with any design you can think of!!

## Tips and Ideas:

- ★ For a crisscross or plaid pattern, use even skinnier strips of Duck Tape® by tearing the tape in half.
- ★ Make a flap for the wristlet by repeating Step 2 with less tape. Adhere to the back with Duck Tape.
- ★ Create "appliqués" by making small "sheets" of Duck Tape (Steps 1-4). Use scissors to cut out desired shapes and adhere with Duck Tape (Polka Dots, Hearts, Cars, Sports Theme, Stars, School Letters, Sunburst, etc).
- ★ Construct a small pocket for the inside by making a "mini sheet" of Duck Tape. Adhere with small pieces of Duck Tape.
